- 8 AOB – Mrs Blazeby queried why B& D and Frankton PC's do not meet jointly.- the 1894 Local Government Act created separate civil parishes with defined boundaries, self administering, which removed the influence of the Church from residents. A further Act to repeal this would be needed for the parishes to amalgamate.. (also, there may be confidential items which neither parish would wish the other to be aware of)  
Mr Bach, from Draycote, had expressed an interest in joining the PC..

There was no further business, the meeting closed at 7.55 pm
